**Art Rejections:**

1. The texts of 35 U.S.C. 103(a) not cited here can be found in the previous office action.

2. The rejection of claims 1-4, 37-40 and 53-87 under 35 U.S.C. 103(a) as being unpatentable over Lin, U.S. pat. no. 6,275,693, mailed January 16, 2007, is hereby incorporated by reference.

**Response to Amendment:**

3. Applicant's arguments filed on May 11, 2007 with respect to claims 1-4, 37-40 and 53-87 have been fully considered but they are not deemed persuasive.

Applicant alleges that it is not obvious to use the Rm interface in Lin to communicate messages between the first end point and the mobile station manager because Lin teaches communicating the communication device with the provisioning proxy over the air interface (Um interface), base station and a wireless network.

The examiner disagrees. The known use of Rm interface (I/O interface) is to allow other conventional electronic devices (e.g., PDA) to communicate with a wireless network via the host mobile device as described in the present specification (see

Art Unit: 2154

page 13, par. 1028). This Rm interface however would not be used to replace other communication interfaces such as Um interface which is also required to connect the host mobile to a wireless network. In other words, both Rm interface and Um interface along with other intermediate devices, e.g., base stations, network routers, etc., are required to enable the electronic device to communicate with the provisioning proxy. Thus, the examiner submits that since the present claims do not require that the mobile station manager is to connect directly to the Rm interface, the proposed use of Rm interface in Lin in addition to the disclosed air interface (Um interface), base station and wireless network would meet the claim limitations.

4. Applicant is required to cancel non-elected claims 5-36, and 41-52 in the next correspondence.

**Conclusion:**

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 C.F.R. 1.136(a).

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS FINAL ACTION IS SET TO EXPIRE THREE MONTHS FROM THE DATE OF THIS ACTION. IN THE EVENT A FIRST RESPONSE IS FILED WITHIN TWO MONTHS OF THE MAILING DATE OF THIS FINAL ACTION AND THE ADVISORY ACTION IS NOT MAILED UNTIL AFTER THE END OF THE THREE-MONTH SHORTENED STATUTORY PERIOD, THEN THE SHORTENED STATUTORY PERIOD WILL EXPIRE ON THE DATE THE ADVISORY ACTION IS MAILED, AND ANY

Art Unit: 2154

EXTENSION FEE PURSUANT TO 37 C.F.R. 1.136(a) WILL BE CALCULATED FROM THE MAILING DATE OF THE ADVISORY ACTION. IN NO EVENT WILL THE STATUTORY PERIOD FOR RESPONSE EXPIRE LATER THAN SIX MONTHS FROM THE DATE OF THIS FINAL ACTION.
